Step 3

Get Certified

Hospitality facilities must participate in the COVID-19 Health Guidelines for Reopening Tourism training.

10% of all staff, including senior management, must attend and be certified for the hospitality facilities to qualify for the HST stamp.

Step 4

Receive Health Assurance Stamp

CARPHA will verify use of THiS and participation in the certified training, in order to assign the HST stamp to all qualifying hospitality facilities.

An email will be disseminated confirming that the hospitality facility has been awarded the Traveller's Health Assurance Stamp.

Note

If a hospitality facility fails to consistently report on the THiS platform, as a means of proactive monitoring, CARPHA reserves the right to remove this entity from the list of qualifying "Healthier, Safer, Tourism" awardees.

Step 5

Being Identified on the App

Once the HST stamp has been awarded, the hospitality facility will be listed on the Caribbean Traveller's Health Mobile App and the digital logo will be used in the hospitality facility's marketing.

Step 6: CHTA issues WTTC stamp

Worst-case scenario can be avoided if countries follow WTTC's five-point plan for recovery:

1. Immediate removal and replacement of any quarantine measures, with 'air corridors' to countries with similar circumstances, as well as the removal of travel advisories and bans on non-essential international travel, which prevent insurance protection cover for travellers.
2. Adoption of global health and safety protocols to provide assurance to travellers that it is safe to travel again.
3. Implementation of a rapid test and trace strategy to help contain the spread of the virus.
4. Greater collaboration between the public & private sectors to ensure a standardised, global approach to the crisis.
5. Continued government support for the sector in terms of fiscal and liquidity incentives as well as measures to protect workers.

Perceptions of Travel Safety Rising Steadily in Advance of Holiday Travel Season

For the first time since the COVID-19 pandemic began, the MMGY Domestic Travel Safety Barometer score rose above 50, indicating travelers are increasingly confident about the idea of traveling. The Barometer score of 52 on a scale of 1-100 is 22 points higher than it was in April. Surprisingly, the International Travel Safety Barometer increased even more, going up 6 points from 32 in September to 38 in October.

LODGING

Lodging Safety Increases to a New High

Last month, the Lodging Safety Barometer score hit 50 for the first time. However, the October score rose even higher coming in at 53 on a 0-100 scale. The safety perceptions of hotel/resort lodging and vacation rentals were identical in each of the past two months. While lodging brands should continue to highlight the cleanliness and safety initiatives, they should also focus on clearly communicating what guests can expect from a visitor experience perspective.

Overview

- In 2019 the CHTA reported income of \$1,958,104 with expenses of \$1,989,725 to yield a small operating deficit of \$31,621.
- In 2020, in response to the pandemic certain management decisions were taken which had a substantial impact upon the projected year-end financial results.

Income

- Income is projected to fall by 24% in 2020 compared with 2019, falling from \$1,958,104 in 2019 to an estimated \$1,479,407 in 2020, consequent upon
 - A drop of \$298,682 (-44.2%) in income from new strategic partners and event sponsorships, falling from \$676,024 in 2019 to an estimated \$420,742 in 2020.
 - A drop of \$180,327 (-21.7%) in income from events, falling from \$830,231 in 2019 to an estimated \$649,904 in 2020. While Marketplace did take place in 2020, Taste of the Caribbean, CHIEF and Caribbean305 did not.
 - A drop of \$43,759 (-11%) in membership dues, falling from \$427,440 in 2019 to an estimated \$383,681 in 2020.

Expenses

- Management responded to these projected declines by reducing expenses. Expenses are projected to fall by 49.6% in 2020 compared with 2019, falling from \$1,989,725 in 2019 to an estimated \$1,004,330 in 2020. The major reductions include:
 - A reduction of \$411,414 (-50.4%) in staff related expenses (mostly payroll and contract labor) which fell from \$816,131 in 2019 to an estimated \$404,717 in 2020.
 - A reduction of \$475,980 (-61.9%) in event related expenses, which fell from \$769,116 in 2019 to \$293,136 in 2020. This was due to the cancellation of CHIEF, Taste of the Caribbean and Caribbean305.

Expenses

- A reduction of \$59,425 (-78.4%) in activities related expenses (mostly staff travel, and expenses related to Board and Committee meetings) which fell from \$75,786 in 2019 to \$16,361 in 2020.
- A reduction of \$13,894 (-15.5%) in Contracts, which fell from \$89,887 in 2019 to \$75,993 in 2020.

Cash Flow

Cash Flow	2018	2019	2020	2021
January 1	\$355,394.16	\$202,581.75	\$198,281.81	\$4,197.31
December 31	\$202,581.75	\$198,281.81	\$4,197.31	-\$135,028.00
Cash Gain/Loss	-\$152,812.41	-\$4,299.94	-\$194,084.50	-\$139,225.31
			Projected	Projected

The Situation as of Today

1. CHTA has activated \$75,000 from the line of credit from the reserves and has forecasted that before end of year, we will borrow \$35,000 more. If this happens it will need to be paid before the renewal date of April 2021.
2. Has investments of \$152,627.
3. The CHTA needs to replenish its reserves for line of credit by April 2021 and while the loan towards the investments does not have a due date, however, the risk increases as we continue to pay interest and should the value of the investment decrease (which is the collateral on the loan) beyond the outstanding amount, we would be required to pay the loan and difference.

The difference between the P&L and Cash Flow for 2020

- The P&L statement for 2020 shows income of \$1,479,407. However, of this \$681,000 was received in 2019 and used to fund operations in 2019.
- Income for 2020 which has been/will be received in 2020 will therefore actually be $\$1,479,407 - \$681,000 = \$798,407$.
- The expenses for 2020 shown on the P&L will be \$1,004,330. 94% of these expenses will be incurred in 2020 with \$60,565 being paid in 2019 – 6% of total 2020 expenses.
- This means we have a deficit on operations of $\$798,407 - \$943,765 = \$145,358$

We do not have next year's Marketplace money this year

- Normally CHTA would cover this operating deficit with cash received in the last five months of the year as pre-payment for attendance at Marketplace, including dues revenue particularly for hotels.
- This will NOT happen in 2020 as income from 2021 Marketplace will not be received until 2021 and will be far lower than in past years.

We do not have next year's Marketplace money this year

- Therefore, the operating deficit for 2020 has to be addressed by having a negative cash flow and a net cash spend is currently projected to be \$194,084.
- This is why there is such a difference between the projected operating surplus of \$457,076 for 2020 shown on the P&L and the negative cash flow projected for the year.

Our reliance on Marketplace has left us very vulnerable

- In simple terms, in years past we always had the same problem but were able to cover the operating deficit in the last half of the year by spending cash received in the last five months of the year which was booked as income in the following year.
- We cannot do that in 2020 as we will not be receiving that Marketplace income.

CHTA's Financial Strategy for 2021

1. To maintain the CD it holds with Banco Popular in the amount of \$144,000 so that the CHTA can use that CD as collateral to establish a line of credit which it can use to fund operations as required. To be able to do this in 2021 will require the CHTA to repay the full line of credit no later than April 2021.
2. To pay the balance on the loan from the investments and maintain the investments it has in the stock market valued at about \$142,161.37 which will act as collateral for any loan the CHTA may need for cash to support operating costs as required.
3. To ensure that any project does not require investment by the CHTA.

CHTA's Financial Strategy for 2021

4. To realign the CHTA's Human Resources to facilitate the development, implementation and fulfilment of programs, membership benefits and partnerships which will all yield incremental revenue.
5. That the CHTA will at least break even on operations.
6. That, to the degree possible, any surplus on operations is invested in a savings account.
7. To have a financial contingency plan to implement in the event there are changes in the CHTA's circumstances.

Financial Reviews

- Given the situation the CHTA has postponed the annual reviews of its accounts until early 2021 when we expect sufficient funds will be available.

2021 Fundraising and Auction Plan

- The 2021 fundraising goal is a minimum of \$60k to support the current scholars and training programs
- NY Times Travel Show has been cancelled, impacting our largest annual fundraiser
- Similarly, all Travel & Adventure Shows for the Fall of 2020 have been cancelled for in person attendance
- The 2021 schedule has been announced and we propose dividing our fundraising into 2-3 new shows seasonally and geographically

New Fundraisers - Raffle

- Created a new fund raiser in October 2019 to raise funds for school children in Abaco and Grand Bahama with a donation from Jade Mountain, St Lucia
 - This was very well supported, raising \$36,630
 - Some of these funds have been allocated to assist *Savion R. Bethell* from Abaco at Johnson & Wales, which is matching the \$5,000 scholarship
 - Savion is a Junior and he aspires to be Bahamas Minister of Tourism and “put in place strategic tourism policies to give us an increased edge”
 - Several programs for these funds have been reviewed including creating a computer lab for students
- First of our general raffle fundraisers was generously supported by Secret Bay, Dominica and raised \$3,050 this month
- The plan will be to launch one raffle every 4-6 weeks

Training Programs

- In 2018 the Trustees agreed to allocate 25% of annual funds to staff training programs.
- An on-island training program was rolled out in Q4, 2018 and continued throughout 2019
 - The program was halted due to COVID-19 but included training over over 850 staff members across six islands
- 2020 training was focused on free and vastly discounted online programs once COVID-19 halted in person training

Refine organisational priorities

Create a long-term platform for CAST

Create updated objectives based upon the principles of

- a. **Maximum Visibility**: Be viewed on the international stage as the preferred private sector vehicle in Caribbean tourism sustainability
- b. **Efficient Delivery**: Be known for the contributions of practical, solutions providing ongoing, value to regional hospitality & tourism
- c. **Effective Collaboration**: Be seen to embrace partnerships when working with other local, regional, and international organizations on common sustainability matters
- d. **Never-ending Commitment**: Be unyielding in support of the ongoing CHTA goals for Caribbean tourism
- e. **Unrivalled Excellence**: Be dedicated to the introduction of modern 21st century sustainability standards across the regional tourism frontier
- f. **Cutting-edge Information**: Be recognised as the gathering point and informational data-centre on all matters relating to Caribbean hospitality & tourism sustainability

Next Steps

- Reconfigure the Board of Directors – More regionally centric
- Execute a *virtual planning retreat* to consider develop CAST objectives
- Identify regional businesses *and* any other interests to provide funding support for the CAST objectives
- Research *technical support* resources for CAST
- Identify *project opportunities* for CAST by reaching out to international funding agencies & related organisations/institutions
