

CARIBBEAN ENTRY REQUIREMENTS FOR VACCINATED TRAVELERS

As of July 4, 2022

This list is subject to change, please check with individual destinations on their policies.

DESTINATION	PRE-ARRIVAL REGISTRATION LINKS	VACCINATED REQUIREMENTS	PRE-ARRIVAL NEGATIVE TEST	TEST IN DESTINATION	HEALTH INSURANCE REQUIREMENTS	OTHER REQUIREMENTS	FOR MORE DETAILS AND UPDATES
ANGUILLA		All visitors 18 years and older (including pregnant women) must be fully vaccinated to enter Anguilla.	All visitors must submit a PCR/NAA/RNA within three days or an ANTIGEN 48 hours before arrival.	The arrival testing will be discontinued for persons who have been fully vaccinated within the last six months, and for persons who have taken a booster dose where completion of the primary series (full vaccination) occurred six months or more prior to arrival, a valid negative test result must be presented pre-arrival.	Information not available	MEDICAL INSURANCE	Click Here
ANTIGUA & BARBUDA	Health Declaration Form (available during flight)	Arriving passengers are not required to present verifiable documentation of full vaccination to be permitted entry into Antigua and Barbuda.	Fully vaccinated arriving passengers are not required to present a PCR/Rapid Antigen Test negative result (unless they show symptoms of possible infection). This includes transiting passengers.	Fully vaccinated passengers may be required to submit to a RT-PCR test for SARS-CoV-2 upon arrival at their own expense.	Not mandatory		Click Here

*Fully vaccinated: 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine. **Anguilla and Dominican Republic requires 3 weeks. *** Guadeloupe & Martinique requires 7 days after 2-dose series (Pfizer, Moderna, AstraZeneca), 4 weeks (Johnson & Johnson), 2 weeks after the injection (only one injection required) of a vaccine in people who have already had a history of Covid-19. ****Mixed vaccines accepted (Pfizer, Moderna, AstraZeneca, Janssen & Johnson, Sinopharm, Sinovac, Sputnik V) ***** required to have received at least one dose of a World Health Organization (WHO) or Ministry of Health Wellness and the Environment (MOHWE) approved 2-dose COVID 19 vaccine or a single dose vaccine

Please note some jurisdictions restrict movement for a period of time upon arrival, either within a designated area, hotel grounds or a corridor within the destination. Most jurisdictions currently allow movement within the countries/territories with adherence to masking and physical distancing upon arrival and proof of negative tests as a requirement for entry. Individuals testing positive upon arrival should be prepared to be isolated until they test negative. The quarantine period for fully vaccinated* individuals who test negative will be waived or reduced. Destination links should be checked regularly for more details and updates.
